INDEX TO VOLUME VIII.

Abdomen, delivery through the parietes of the, . . 218
Abdominal pregnancy, . 217
Absolute alcohol, method for obtaining, ... 219
Account of diseases peculiar to women, by Gooch, . . . 339
Acetate of morphia, action of, . 199
Acupuncturation, as a remedy, . 198
in India, . 202
Affusion, cold, cures poisoning with hydrocyanic acid, . . 421
Alkalies, new organic, discovered in cinchona bark, . . 434
Ammonia, inefficacy of, in poisoning by hydrocyanic acid, . . 421
Anderson, case of delirium tremens in, ... 234
Aneurisms and inflammation of arteries, Coates on, . . . 286
Aneurism, ligature beyond the, 215, 425
by anastomosis, Brodie's case, . . 427
popliteal, cured by temporary ligature, . 214
Palmer's case of, . 427
spontaneous cure of, Lyford's case of, . 426
Annesley on diseases of warm climates reviewed . . . 148
Arsenic, remarks on the remedial value of, . . 41
sulphuret of, effects of, on the animal economy, 206
Arteries, their contractile power, 398
Artificial diamonds, . . 431
Aspartic acid, Plisson on, . 431
Asthma caused by emphysema of the lungs, . . . 64
Atmospheric air, Dr Prout's determination of its weight, . . 219
Atrophy, cerebral, . . 193
of the brain, remarkable instance of, . . 397

Baths, temperature proper for, . 415
Bayle on large doses of tartar emetic, 412
Belden on prevention of abortions, 429
Bell on intermittent fever, . 256
Bigelow on reversed presentations, 430
Bites of animals, affections produced by, Rousseau on, . . 73
Bleedings, large, in idiopathic tetanus, ... 418
Blood, appearance of, in disease, . 204
Bread adulterated by sulphate of copper, ... 210
Bone, superior maxillary excision of the, ... 424
Brodie's case of aneurism by anastomosis, ... 427
Broussais's work de l'irritation et de la folie, . . . 177
Brosius, M. uses lactuca virosa, and digitalis in hydrothorax, . 410
Brown, Dr, his case of chorea, . 401
Buckwheat analyzed, . . 431
Burrows on insanity, reviewed, 123, 355

Cæsarian operation, . . 219
Calmeil on structure of the spinal marrow, . . . 183
Camphor vapour as a bath, . 411
Cancerous uterine tumour, extirpation of, . . . 212
Cancer of the rectum, extirpated by M. Lisfranc, . . . 424
Cantegril, Dr, gives a case of lumbar abscess, . . . 400
Cantharides, epispastic ointment without, . . . 435
Carditis simulating chorea, . 401
Case of catalepsy with fever, . 190
colica pictonum, . . 243
congenital ovarian dropsy, 189
convulsions, . . 206
crusta lactea, . . 239
delirium tremens, 187, 203, 230
disordered cerebellum, . 34
erysipelas, . . 36
emphysema of the lungs, 64, 67
glossitis, . . . 202
hæmatemesis, by Dr Condie, 47
instrumental labour, . 92
irritation of stomach, simulating cerebral disease, 38

Case of labour requiring embryotomy, . . . 92
latent tubercular phthisis, 195
melæna, ... 188
myelitis, ... 187
œdema of the glottis, . 196
paralysis from fracture relieved by operation, . 94
paralysis in a child, . 70
phlebitis, . . . 194
phlegmasia dolens in a male, 195
protean disease, . . 248
repelled gout, . . 39
ruptured hepatic duct, . 189
tetanus, ... 186
tumours of the tongue, . 211
worms, simulating hydrocephalus, . . . 191
Catalepsy with fever, . . 190
Catarrh, intermittent pulmonary, 193
Cavalier on tannin in uterine hemorrhage, . . . 410
Cerebral atrophy, . . 193
Cervix uteri, excision of, . . 212
pregnancy after extirpation of the, . 430
Charcoal in intermittents, . 416
Cheiloplastie, . . . 423
Chervin on yellow fever, . . 387
Chinioidia, properties of, . 434
Chlorine in hydrophobia, . 201
Chloride of gold in diseases of the eye, ... 198
Cholera morbus, . . . 192
Chorea, Dr Brown's case of, . 401
Cinchona bark, new organic alkalies discovered in, . . . 434
Circulation, Bonorden's views respecting the, . . . 183
Clavicle, luxation of the, . . 213
Clements's delirium tremens, . 230
Coates, Dr B. H. on aneurisms, &c. 286
on emphysema of the lungs, . 64
College of pharmacy, journal of the, 179
Colica pictonum, fatal case of, by Coxe, ... 243
Condie on hæmatemesis, . . 47
Consumption treated with quinia and digitalis, . . . 410
Convulsions, case of, . . 206
Cook on cathartics in female complaints, ... 416
Copaiba for injections in gonorrhœa, 206
chemical nature of, . 222
Copper, sulphate of, mixed with bread, . . 210
sulphuret of, its effects on the economy, . 207
Corrosive sublimate, detection of, 432
Coxe, Dr D. T. on arsenic, . 41
Dr J. R. on the connexion of mother and fœtus, . 13
Coxe's case of colica pictonum, . 243
protean case, . . 248
Crusta lactea, case of, by Dr T. D. Mitchell, . . . 239
Cupping glasses in the bite of the viper, ... 203

Davis, his case of delirium tremens, 233
Delirium tremens, Anderson's case of, ... 234
case of, with dissection, 187, 203, 232, 235, 237
Frank on, . . . 228
inaugural essay on, by Dr Joseph Peace, . . . 225
Dr Washington's case of, . 238
Delormel on camphor vapour, . 411
hypochondriasis, . 404
Diaphragmatic and pneumogastric nerves, compression of, . 192
Diseases of warm climates, Annesley on, reviewed, . . 148
Drake, Dr D.'s report of a trial for murder, ... 418

Effusion in the brain, Sherman on, 408
Elliotson on subcarbonate of iron in tetanus, ... 416
Emphysema, Jahn's case of, . 406
of the lungs, Piedagnel's case of, 398
as a cause of asthma, Dr B. H. Coates on, . . . 64
Empyema, Merriwether's case of, 428
Endosmose and exosmose, Togno's essay on, . . . 178
Entropion, Dr Jackson on, . 424
Epiglottis of infants, Maingault on, 396
Epilepsy treated by trephining, . 213
Epispastic ointment without cantharides, ... 435
Eruptive disease epidemic among among children, . . 189
Experiments on warm baths, . 416
Extirpation of the ovaries, . 428
Eye, nitrate of silver in diseases of the, ... 197

Female diseases, Gooch on, . 339
Fisher's description of small pox, varioloid, &c. . . . 175
Fistula, treatment of, by Lisfranc, 424
Fœtus, nourishment of, . . 15
rudiments of a, found in an infant's testis, . . 396
Folchi's essay on polygala virginiana, ... 393
Fountain, Dr, on punctured wounds, 424
Foreign body in the œsophagus, . 214
Frank on delirium tremens, . 228
French practice, remarks on, by Dr R. La Roche, . . . 293
Frœlich's table of temperature for baths, ... 415

Ganglions, pathology of, . . 215
Gangrenous sore throat, Alban G. Smith on, . . . 253
Gerardin's report on lumbar abscess opening into the bronchia, . 400
Gibert on ophthalmia consequent on leucorrhœa, . . . 409
Glandular affections, iodine and morphia in, . . . 200
Glossitis, case of, . . . 202
Glottis, œdema of the, . . 196
Gonorrhœa, injections of copaiba in, 200
Gooch on female diseases, . 339
Gunther recommends quinia and digitalis in consumption, . 410

Hæmatemesis, Condie's memoir on, 47
Hemorrhage, uterine, tannin in, . 410
Harvey on the descent of the ovum, 18
Herbert, Dr, on cold affusions in poisoning with hydrocyanic acid, 421
Hepatic duct, rupture of the, . 189
Heusinger's case of diseased brain, 408
Hindostan, mudar of, . . 433
Hooping cough, specific for, . 197
Hopton, Dr, performs orchotomy, 424
Hydatids, nature of, . . 181
Hydrobromate of potassa on the animal economy, action of, . 433
Hydrocyanic acid, poisoning with, how cured, . . . 421
Hydrophobia, chlorine in, . 201
dissections of fatal cases of, . 185
inoculation for, . . 184
Rousseau's memoir on, . 73
Hydrocephalus, simulated by worms, 191
Hypochondriasis, . . . 404

Idiopathic tetanus cured by large bleeding, . . . 418
Ilium, rupture of the, . . 213
Induration, causes of, . . 191
Inflammation produced by mercury, 201
Intermittent fever, Bell on, . 256
treated by sulph. quinia externally, . . . 199
Intermittent pulmonary catarrh, . 193
tetanus, . . 408
Insanity, Burrows's commentary on, reviewed, . . 123, 355
Intus-susception in danger of being mistaken for poisoning, . 209
Iodine in white swellings, . 201
vapour, in phthisis, . 198
and morphia in glandular affections, . . . 200

Jackson on entropion, . . 424
Jahn's instance of emphysema, . 406
Johnson, Dr James, remarks by, . 404

Kidneys, structure of, by professor Huschke, . . . 182

Lactuca virosa and digitalis in hydrothorax, . . . 410
La Roche, Dr, on French practice, 293
Larynx, occlusion of the, with voice, 183
Latent tubercular phthisis, . 195
Laudanum in polypus of vagina, . 211
Lauray, case of placenta adhering to fœtal head, . . . 430
Lead, sulphuret of, effects of, on animals, ... 206
Lee's account of phlebitis, . 400
Lewis's case of empyema, . 428
Leucorrhœa alternating with ophthalmia, . . . 409
Lisfranc extirpates cancer of rectum, . . . 424
his treatment of fistulæ, 424
on large bleedings in tetanus, . . 418
his case of pregnancy after extirpating cervix, . 430
Lithotritie, . . . 217
Lockette's remarks on warm bath, 416
Luxation of the clavicle, . . 213
Lyford's case of aneurism, . 426

Maingault on the epiglottis in infants, ... 396
Marryatt first uses tartar emetic in large doses, . . . 413
Measles, treated by cold sponging, 414
Mediate percussion, Piorry on, . 319
Melæna, with hardened pancreas, 188
Memoir on inflamed cerebral sinuses, ... 407
Memory, partial loss of, . . 399
Mercury, inflammation produced by, . . . 207
sulphuret of, its effects on animals, . . 207
Mercury, in Swaim's panacea, detection of, . . . 435
Merriwether's case of empyema, 428
Miscellaneous articles, . . 223, 436
Mitchell's, Dr T. D. case of crusta lactea, ... 239
Monroe's, Dr A. opinion of fœtal nutrition, . . . 20
Morphia, action of, . . 199
and iodine in glandular affections, . . 200
Mother and fœtus, connection of, 13
Mudar of Hindostan, . . 433
Mudarin, ... 433
Murder, trial for, reported by Dr Drake, ... 418
Myelitis, case of, . . . 187

Needle found in the pericardium, 405
Neill's case of instrumental labour, 92
Nerve of the tensor tympani, . 181
Nervous system, its proportion to the other parts, . . 184

New lip, operation for, . . 423
Nicol, Dr, on recto-vaginal fistula, 425
Nitrate of silver, action of sun's rays on, . . . 220
in diseases of the eye, . 197
in epilepsy, . . . 416
Nitre and sulphur combined, deleterious, ... 197
Notice of Broussais de l'irritation et de la folie, . 197
Fisher's description of the small pox, &c. . 175
the journal of the Philadelphia college of pharmacy, . . 179
Togno's experimental essay on endosmose and exosmose, . . 178
Grimm's dissertation on phlegmasia dolens, . 173
Turner's chemistry, second edition, . . 174

Ointment, without cantharides, epispastic, ... 435
Ollivier on the spinal marrow, reviewed, ... 98
Optic nerve of the fœtus, canal in, 182
Orange flowers, crystallizable matter of the oil of, . . . 222
Orchotomy, Hopton operates for, 424
Orfila on detecting corrosive sublimate, ... 432
Organs and tissues, softening of, . 191
Os humeri, old luxation of, reduced, 212
Ovarian dropsy, congenital, . 189
Ovaries, extirpation of, . . 428
Oxalic acid crystallized, composition of, ... 219
Œsophagus, foreign body in the, . 214

Palsy cured by strychnia, . . 413
Parotid gland, extirpated, . 212
Parrish on pulmonary consumption, 274
Pathology & therapeutics, Dr Wood's notices in, ... 34
Paul's, J. M. case of paralysis in a child, ... 70
Peace on delirium tremens, . 225
Pericardium, needle found in the, 405
Pertussis, remedy for, . . 197
Phlebitis, case of, . . . 194
Dr Lee's account of, . . 400
Phlegmasia dolens in a male, . 195
notice of Grimm's essay on, . 173
Phthisis treated by iodine vapour, 198
Piedagnel on emphysema of the lungs, 398
Piorry on atrophy of the brain, . 397
on mediate percussion, review of, ... 319
Placenta, absorption of by the uterus, 219
adhering to fœtal head, . 430
Plisson on aspartic acid, . . 430
Pœrquin treats intermittents by charcoal, ... 416
Poiseuille's experiments on the contractility of arteries, . . 398
Polygala virginiana, Folchi's paper on, ... 393
Polygalina, a new substance, Folchi on, ... 393
Polypus of the vagina treated by local applications of laudanum, . 211
Potassa, hydrobromate of, action of, on the animal economy, . 433
Protean case, by E. J. Coxe, M.D. 248
Pulmonary consumption, observations on by Dr Parrish, . 274

Quinia, sulphate of, externally used in intermittents, . 199
and digitalis, use of, in consumption, . . 410

Rectum, tumour of, extirpated, . 212
Recto-vaginal fistula, Dr Nicol's case of, ... 425
Remedy for pertussis, . 196, 197
Remarks on French practice, by Dr La Roche, . . . 293
Review of Annesley on diseases of warm climates, . 148
Burrows on insanity, 123, 355
Ollivier's treatment of the spinal marrow, . 98
Piorry on mediate percussion, . . . 319
Richond-des-Brus's example of spontaneous combustion, . . 403
Rœser's case of chorea, . . 401
Rousseau's, Dr, essay on hydrophobia, ... 73
Rupture of the ilium, . . 213

Schuette's instance of intermittent tetanus, ... 408
Sense of touch, ... 184
Serturner on chinioidia, . . 434
Serullas on iodide and chloride of nitrogen, . . 431
spontaneous combustion of sodium, . . 431
Sherman on effusion in the brain, . 408
Shœrf, Dr, his case of partial loss of memory, ... 399
Small pox, deformity prevented in, 413
Smith's, A. G. case of paralysis from fracture relieved by excising portions of the vertebræ, . . 94
Smith on treatment of gangrenous sore throat, . . 253
on wounded brachial artery, 426
Smithson's method of detecting corrosive sublimate, . . 432
Sodium, combustion of, . . 431
Softening of the organs and tissues, 191

Spinal marrow, Dr Ollivier's treatise on, reviewed, . . 98
structure of, . . . 283
Spontaneous combustion, instance of, 403
Specific for hooping cough, . 197
Starch, nature of, . . . 220
Stewart's method of preventing scar in variola, . . . 413
Strychnia, in partial paralysis, . 413
Swaim's panacea, detection of mercury in, ... 435
Subcarbonate of iron in tetanus, . 416

Tartar emetic in large doses, 412, 413
Tannin in uterine hemorrhage, . 410
Tænia, treatment of, . . 201
Tetanus, case of, . . . 186
cured by large bleeding, 418
intermittent, . . 408
Textor on cheiloplastie, . . 423
Togno, Dr J. on endosmose and exosmose, noticed, . . 178
Tonnelle on inflamed cerebral sinuses, ... 407
Tongue, tumours of the, . . 211
Tracheotomy, . . . 214
Trephining in epilepsy, . . 213
Tumours of the tongue, . . 211
Turner's chemistry, second edition, noticed, . . . 174

Urea, process for extracting, . 220
Uterus, cancerous tumour of, extirpated, . . . 212
Uterus, excision of its neck, . 212
Uterine hemorrhage, tannin in, . 410

Vaccine disease communicated from mother to child, . . 399
Valve of the brain, indurated, . 408
Varicocele, . . . 215
Venesection, appearance of the blood in, ... 204
Viper, bite of, cured by cupping glasses, ... 203

Wardrop on ligatures beyond the aneurism, ... 425
Warm bath, effects of the, . 416
Washington's case of delirium tremens, ... 238
Wedemeyer on lunar caustic in epilepsy, ... 416
Wendt's case of a fœtus in the testis of an infant, . . . 396
Wheat flour, potato starch in, how detected, . . . 222
White swellings, iodine in, . 201
Wood's case of disordered cerebellum, . . 34
erysipelas, . 36
gastric irritation, . 38
repelled gout, . 39
notices in pathology and therapeutics, . . 34
Worms, simulating hydrocephalus, 191

Yellow fever, Dr Chervin on, . 387

THE END.
